

RENTAL UNIT 400 cfm Air Compressor

The 400 cfm Air Compressor successfully walks the line between size, output and capacity and are designed for a wide variety of applications.

These portable compressors are workhorses. Featuring the new C111 element for improved compression efficiency, the XAS 400 JD iT4 is ideal for demanding applications including sandblasting and pipe maintenance. The XC 2002 control module with LCD display puts integrated engine electronics for performance and diagnostics at your fingertips.

SPECIFICATIONS:

Model.....400 cfm
 Dimensions
 Trailer mounted..... 152" x 72" x 69"
 Support mounted..... 104" x 55" x 62"
 Total Trailer Mounted - Wet Weight.....4,105 lbs

Fuel Tank Capacity.....58 (gal) 219 L
 Engine Speed (maximum loaded).....2,400 rpm
 Engine Speed (unloaded).....1,500 rpm
 Horsepower.....115-155 hp

TECHNICAL DATA:

Features

- Extremely reliable John Deere power with 5 year engine warranty
- Interim Tier 4 exhaust emission compliance
- Operates under widely varying climatic conditions, water-cooled engine, large capacity oil cooling system, high efficiency heavy-duty two-stage intake filters (with cartridge replacement indicators)
- Highly efficient oil extraction system means low oil consumption
- Large capacity fuel tank placed low for good road handling and easy filling
- Gull wing doors for easy access to engine and components
- Few moving parts, minimum mechanical wear
- Rugged and reliable, needing little maintenance
- Optional aftercooler/water cooler & filtration system for cool, dry & clean air
