AVOID DOWNTIME DEALING WITH FLAT TIRES.

Cat® Tires are manufactured from the highest quality rubber compounds to provide longer wear life in the most demanding of conditions. High quality steel rims provide maximum durability in the toughest applications. Cat Tires not only help you avoid unplanned downtime, but also provide you with features that yield cost savings and higher productivity in your operations—designed to maximize your Cat machine's performance, improve operator comfort, and engineered for endurance.

35% OFF*

CAT® FLEXPOR &
PNEUMATIC TIRES

Cat® Flexport™ Tires are designed specifically for your wheel loaders and skid steer loaders with operator comfort and in mind. Flexport Tires use a series of elliptical-shaped ports molded through the outer ring of the sidewalls. The ports increase tire flexibility to produce a smoother, more cushioned ride on any surface—from waste and scrap to quarry and glass. These heavy duty tires deliver peak performance and productivity in extreme operating conditions and on the toughest jobs.

THE RIGHT TRACK MAKES ALL THE DIFFERENCE.

The right tracks for your Multi-Terrain Loader, Compact Track Loader, and Mini Excavator are on sale now! Maximize your machine with a new set of Cat Premium or General Duty Rubber Tracks, and get a second set at 50% OFF!* Cat steel-embedded rubber tracks are specifically engineered for maximum durability across all types of challenging applications. This means more jobsite uptime and a lower cost-per-hour.
